Kirkwood and Northstar join Heavenly, with all three resorts open for skiing and riding starting this weekend! The Epic Pass provides the best value and best access to resorts and experiences across Lake Tahoe and Dec. 4 is the last chance to purchase before passes go off sale.

Dec. 2, 2025 – Kirkwood Mountain Resort is set to bring its big mountain adventure, no-frills-here-for-the-skiing vibe back starting this Friday, Dec. 5, and Northstar California Resort welcomes back friends and family to their favorite winter traditions starting with Opening Day on Saturday, Dec. 6! Kirkwood has benefited from more than 44 inches of natural snow this month in addition to snowmaking, allowing the resort to hit its original opening day target. Northstar joins in on the excitement this weekend thanks to colder temperatures and the hard work of its snowmaking team.

Rounding things out for resorts on the Epic Pass in Lake Tahoe, Heavenly opened for skiing and riding on Nov. 24, celebrating the start of their 70th anniversary season. Whether you're loyal to one or a sampler of all, the Epic Pass is the best deal on skiing and riding in Lake Tahoe and beyond, and Dec. 4 is the last chance to lock in a pass this season.

Kirkwood Mountain Resort Opening Day

On Friday Dec. 5 at Kirkwood, lifts will start spinning for the season at 9 AM with access to skiing and riding from Chair 5 and the tow rope.

"Opening Day is one of those moments that truly highlights what makes Kirkwood so special," said Ricky Newberry, Vice President & General Manager of Kirkwood Mountain Resort. "We're deeply grateful for our employees whose dedication makes everything possible, and for our Kirkwood community that brings the energy to this valley year after year. We're excited to kick off another incredible season and continue delivering the skiing and riding experience Kirkwood is known for."

Northstar California Resort Opening Day

At Northstar, the team has been working around the clock, taking advantage of every weather window to make snow and get ready to open this season. This Saturday, Dec. 6, will officially mark the start of skiing and riding at the resort, with lifts opening at 9 AM. Mountain access will be available via the Big Springs Gondola, with skiing and riding off Vista Express.

"While it's taken us a little more time to get things started this season, we couldn't be more excited to welcome guests back to snow and kick off another magical winter season at Northstar," said Tara Schoedinger, Vice President and General Manager of Northstar. "From traditions like getting in the first turns of the season on mountain to celebrating with loved ones in the village with S'Mores, shopping, dining, and après, we can't wait to share these moments and make memories with our employees and guests this winter season."

In addition to skiing and riding, guests can enjoy Northstar's winter wonderland and head to the Village, where a festive ice rink, coffee at VOUS, and shopping offer something for the whole family. Cap off the day with live music, a signature drink from the Rink Bar, and s'mores around the fire to toast the season's start.

Starting this weekend, Kirkwood and Northstar will now be open daily for skiing and riding, joining Heavenly. All three Tahoe resorts will continue to make snow at every opportunity to work towards expanding terrain and lift offerings throughout the early season.

There is a lot to look forward to this winter season across Lake Tahoe.
